

SCEL Celebrates Tenth Anniversary - A message from Director, Dr. Martha M. Wood

It hardly seems possible that it has been ten years since we established the Southeastern Center for the Enhancement of Learning in Metro-Atlanta, Georgia. Our first thought when we discussed how to celebrate this milestone was to have a party. We even set a date, but upon reflection realized that those who had trained with us were scattered all over the world and it was unlikely that many of them could come for a "party."

Instead, we are asking you to celebrate with us by taking a trip down memory lane and sharing with us some of your recollections from your SCEL Training. Send us an email or give us a call just to say hello and tell us what you are doing.

Our celebration will be in the form of sharing with you in our current Newsletter, which you can download, some of the pictures we have taken over the years. If we missed your class, and you have some pictures to share please send them on to us.

Each year before training, we check our master data base against the latest registration forms and email contacts to try and keep our contact information current. It has also become a time to reflect on the people we have worked with. What a blessing you have been to us! Thank you!
